# 2020 IMPACT REPORT

The **Highland Park Community Foundation** improves lives and enriches our community as a whole.

Through grant funding, we **strengthen** families, **support** individuals with disabilities, **nurture** children, **assist** older adults, **develop** skills in teens, **enhance** artistic experiences, and more.

This report illustrates many of the ways in which the Foundation addressed the needs in our community and added to its vibrancy in the past year. Thanks to our generous donors, we were able to infuse more than half a million dollars into Highland Park and Highwood in 2019, making a real impact on so many of our neighbors.

Award Recipient:  
Xochitl Rodriguez at the 2019 Grant Awards Reception

"Thanks to the Highland Park Community Foundation's support, I was able to participate in so many activities and able start my journey as a student athlete. It's for these programs that I am who I am today. Thank you."

*Xochitl Rodriguez, HPHS student, participant in HPCF-supported programs including Working Together and College Bound Opportunities*

Grant Recipient: Center for Independent Futures

## In our community...

Needs exist, many below the surface, making them especially challenging to tackle. Families cannot afford to send their children to pre-school or daycare. Seniors need assistance with meals, transportation, and companionship. There is food insecurity. School-aged children lack the support they need for academic success. Young adults with disabilities need help to lead inclusive, meaningful, and productive lives. There are victims of domestic abuse. Residents lack access to affordable legal and counseling services. The list goes on.

In 2019, we awarded \$525,000 in grants to fund 50 programs and services that address many of these needs. Yet we were **still unable to fund \$220,000 of additional needs** identified by our grant applicants.

7%

7% of our friends and neighbors live in **poverty**

25%

25% of **seniors** in Highland Park and 31% in Highwood live alone — many lack family and friends to call for help

25%

25% of District 112 students are low income — many are affected by **food insecurity**
